

# NOTICE

This notice is to inform you that beginning on October 1, 2018, the City will charge for solid waste (household garbage) collection. This fee will be included on your monthly utility bill. The fee is \$14.80, which is a pass-through cost of what the contractor charges the City. By charging for this service, the City can reallocate tax and other revenues to fund much needed infrastructure and operational improvements. For more information visit <https://www.tegacaysc.org/995/Garbage-and-Recycling>.

Per City Ordinance, failure to pay your full utility bill may result in an interruption of service. Service will be restored when each of the below have been paid. Payments will be applied to your bill in the following order:

1. Trash and recycle collection fees
2. Outstanding penalties/return check charges/reconnection fees
3. Outstanding sewer service charges
4. Outstanding water service charges

It is the City's mission to always strive to anticipate and provide for the needs of the residents through quality service, innovation and leadership while being good stewards of the public funds with which we have been entrusted.
