Leaf Collection Policy

SECTION A - All streets located in/off of- Anchorage, Point Clear, Windward, Marquesas, Mariana, Tara Tea, Molokai, Silver Gull, Windsong Bay, and Shoreline Parkway.

SECTION B - All streets located in/off of- Amber Woods, Trail Ridge, Meadow View, Heron Harbor, Water Trace, Seven Coves, Windjammer, Riley Lane and all streets off of Tega Cay Drive past the Fire Station beginning at Timberlake.

The Lake Ridge, River Lakes and Serenity Point areas will be collected as needed on a floating schedule.

Collection crews will follow the schedule as weather permits. Weather or other unforeseen circumstances may cause a delay in the schedule. We will attempt to notify residents through the City's website, e-Newsletter and social media as these delays occur.

Our Collection Policy:

- When placing your leaves or debris at the street, DO NOT place them in the road as this impairs motor vehicle traffic, emergency and service vehicles and school buses from being able to safely travel. Placing your debris piles in the street may result in a ticket or fine. Please pile your leaves at the back edge of the road or curb in front of your home, and city staff will be able to collect them.
- If you live on a common driveway, please coordinate with your neighbors a convenient place to pile loose or bagged leaves and brush piles. Bagged leaves and brush piles will still be collected weekly in all areas of the City.
- Do not place leaves or branches in your trash or recycle carts or any other container other than a bag. Doing so will cause your items not to be collected that week.
- When placing brush piles out for collection, make sure the branches contained in your brush piles are no longer than 4' in length and are no longer than 4" in diameter.
- If you are placing more than one item at the curb for collection, please separate your piles so that the collection process can be as efficient as possible (ex. Separate brush piles away from your leaf piles). If the piles are too close or mixed together it could delay the collection schedule.
- We ask that leaf piles are placed out for collection the weekend prior to your scheduled week of collection.
- If you have a landscape contractor performing work (pruning, mowing, taking down trees, or raking/blowing your leaves) they are required to debris removal. They are also required to have a City of Tega Cay Business License.
