

## Securing Your Home: Crime Prevention Tips for Securing Your Home

Most home burglars are amateurs looking for easy targets. They're looking for homes which present the least risk of detection; the greatest opportunity for easy gain; and the maximum potential for escape. They're looking for homes which appear unoccupied and unprotected; homes without adequate locks and lighting; open or unlocked doors and windows; and home sites which provide easy concealment from neighbors and passing motorists.

Unfortunately, the burglar doesn't need to look around very long to discover "Welcome Burglar" signs unwittingly left around many homes. It is even more unfortunate when you realize that all it takes to make your home less inviting to a burglar is a little common sense and several easy, effective and inexpensive crime prevention measures.

### **Survey Your Home**

Look at your home through a burglar's eyes. Does it look like an easy target? Are there obvious security weaknesses?

- Shrubbery should not obscure doors and windows. Trim the growth so that a burglar cannot work undetected.
- At night leave a few lights burning outside your home. Lights over doorways and garages, and strategically placed floodlights will make your home less inviting to a burglar.
- Windows and doors should be securely locked. Inadequate locks should be replaced or supplemented.

Make your home look occupied at all times.

- Common sense is all that is needed to identify most security weaknesses around your home.

## **Lock Your Home**

Deadbolt locks provide the security needed for exterior doors. The bolt should extend at least one inch into the door frame to provide adequate security.

**Don't forget to lock up. Even the best locks provide no protection if left unlocked. Securely lock your home even if you plan to be away for only minutes.**

## **Secure Doors and Windows**

**Open garage doors attract burglars.** Make a habit of keeping garage doors closed and locked, an open garage door with no car in sight is a clear invitation to a burglar, especially if the garage is used to store such items as bicycles, power mowers, golf clubs and other easily stolen property.

Windows are another common entry point for burglars. Remember, an open or unlocked window or door invites burglars.

## **Give Your Home an Occupied Look**

Most burglars are looking for unoccupied homes. If your home appears occupied, the burglar will usually look for other more inviting sites.

- When away from home, leave a radio playing.
- Always leave a few inner lights burning at night. Automatic timers can be used to vary the on/off pattern of interior lights when you're away. When leaving for an extended period, such as during a vacation, you should take several additional precautions.
- Ask a neighbor to keep an eye on your home.
- Stop newspaper deliveries.
- Ask a neighbor to pick up your mail.
- If necessary, arrange for lawn care.

Notify the Tega Cay Police Department that you plan to be away. Through the property check program we will schedule periodic checks of your home, having been alerted of your absence and to the need for extra attention.

### **Use Common Sense**

Common sense will help keep the burglar away. Be aware of the common methods which burglars use to gain entry, and make sure your entire family understands what to do in certain situations.

- Warn family members to be cautious about giving out information over the telephone. Burglars sometimes call ahead to learn if anyone is home, who is home, or when residents are expected to return.
- Do not indiscriminately open your home to strangers. A wide-angle door viewer or peepholes installed in your front door will allow you to see who is outside without opening the door. Ask for positive identification from repairmen or solicitors who claim to have business inside your home. If you are suspicious about the caller, telephone his office for verification.
- When you admit a repairmen or salesman do not leave him alone for even a few minutes.
- Don't let a stranger inside your home to use the telephone; make the call for him.
- Don't leave notes outside your home announcing your absence. Don't leave an extra key "hidden" outside your home.
- Don't leave your house keys with your car keys when you leave your car at a parking lot.
- Don't attach your name or license number to your house keys. Lost or stolen house keys which contain such information can be easily traced to your front door.

□ Never keep large sums of cash or easily stolen valuables such as jewelry unprotected in your home. Keep valuables you don't often use in a safe deposit box.

Many of your communities have formed Neighborhood Watch groups to protect themselves from burglars. Through a Neighborhood Watch organization, neighbors agree to keep an eye on each other's property and to report suspicious activities to the Tega Cay Police.
